

# Prior authorization metrics at a glance

To comply with the Centers for Medicare & Medicaid Services (CMS) Interoperability and Prior Authorization [Final Rule](#), Blue Shield of California must report our prior authorization metrics. We will report metrics every year.

Our report promotes transparency and accountability. We also strive to help you understand Blue Shield's prior authorization process. The report will include:

- All medical items and services that require prior authorization (excluding prescription drugs).
- Data on prior authorization requests (e.g., approvals and denials).

In addition to the report, the CMS Interoperability and Prior Authorization Final Rule has certain requirements for plans and agencies. Beginning January 1, 2026, this will affect Medicare Advantage plans.

These plans and agencies must send prior authorization decisions within:

- 72 hours for **expedited (or urgent) requests**
- Seven calendar days for **standard (or non-urgent) requests**

For any questions, call **(800) 776-4466 (TTY: 711)**, 8 a.m. to 8 p.m. PT, seven days a week.

## Medical items and services that require prior authorization (excluding prescription drugs)

Find the full list at <https://www.blueshieldca.com/en/provider/authorizations/authorization-list>. It outlines the medical items and services that need approval before care is given or billed. Prescription drugs are not included in this list.

## Data summary for 2025
